

1st MANUAL REVIEW OF REFORMS

TecnoVe Fiberglass wants to inform you that the Ministry of Industry, Energy and Tourism has published on its website the first manual review of reforms, dated 7th March 2012.

Changes are highlighted in blue and all modified sections have been identified as First Review. To make it easier you can reach the records of the Manual through the markers and through each of the indices (each reform is linked to its corresponding record). To go back to the index just press the footer of each one of the records.

The First Review of Reforms Vehicle Manual will be mandatory from the 1st June 2012. Optionally, it can be used from the date of the publication on the website of the Ministry of Industry, Energy and Tourism (03/07/2012).
